Chalkboard Jungle Barbara Maria Kovacs, 2013-12-03 Brenda Connor dreamed of being a teacher her whole life. Recently graduated from college, she's thrilled when she gets a job as a public school math instructor. But her joy soon turns to despair when she realizes the job she dreamed of is something of a nightmare. First, the length of her employment is based on the results of a standardized test known as the FCAT. What's more, Brenda's students are disrespectful and uninterested in learning, and in spite of Brenda's phone calls, their parents don't care. The administration is determined that students must improve their test scores, no matter the cost. Brenda quickly finds herself under the watchful eye of assistant principal Mrs. Harrison, who instead of offering her support, seeks to get rid of Brenda by documenting her performance in the classroom and threatening to place her on a professional disciplinary plan. Brenda's only friend, Mr. Fisher, is also under evaluation. They are both thwarted at every turn, harassed via weekly interrogations and classroom reviews. Brenda's dream of being a teacher is vanishing before her eyes, and she must decide: are students worth fighting for, or will she give in to administrative pressure and quit before stress destroys her body and mind.

Official Florida Statutes Florida, 2013 **FCAT Retakes** Terry Froman, Shelly Brown, 2009 According to Florida Law, students must pass the Grade 10 FCAT among other academic requirements in order to receive a standard high school diploma. Specifically, students must achieve a passing score of 300 or above on both the FCAT SSS Reading and the FCAT SSS Mathematics tests. Technically, students can retake the FCAT as many times as they want until they pass it and can even enroll for a free 13th year of public education should they need additional instruction to successfully pass the FCAT. At the time of this study, students had up to seven standard opportunities to pass the Grade 10 FCAT prior to graduation. Students who did not pass the FCAT in the spring of their sophomore year could retest in the fall, spring, and summer of their junior and senior years. The purpose of this study is to report the results of tracking the FCAT retake occurrences and outcomes for one grade level cohort group as they advance through their MDCPS careers. Although summaries of the test results for any retake occasion across all current test takers have been available on a yearly basis, this is the first cumulative tracking for FCAT retake performance.
