

## HOW TO WRITE A CRITICAL ANALYSIS PAPER

The purpose for writing a critique is to evaluate somebody's work (a book, an essay, a movie, a painting...) in order to increase the reader's understanding of it. A critical analysis is subjective writing because it expresses the writer's opinion or evaluation of a text. Analysis means to break down and study the parts. Writing a critical paper requires two steps: critical reading and critical writing.

### Critical reading:

1. Identify the author's thesis and purpose
2. Analyze the structure of the passage by identifying all main ideas
3. Consult a dictionary or encyclopedia to understand material that is unfamiliar to you
4. Make an outline of the work or write a description of it
5. Write a summary of the work
6. Determine the purpose which could be
  - To inform with factual material
  - To persuade with appeal to reason or emotions
  - To entertain (to affect people's emotions)
7. Evaluate the means by which the author has accomplished his purpose
  - If the purpose is to inform, has the material been presented clearly, accurately, with order and coherence?
  - If the purpose is to persuade, look for evidence, logical reasoning, contrary evidence
  - If the purpose was to entertain, determine how emotions are affected: does it make you laugh, cry, angry? Why did it affect you?

Consider the following questions: How is the material organized? Who is the intended audience? What are the writer's assumptions about the audience? What kind of language and imagery does the author use?
