*Modernity and the English Rural Novel* Dominic Head,2017-04-07 This book examines the persistence of the rural tradition in the English novel into the twentieth century In the shadow of metropolitan literary culture rural writing can seem to strive for a fantasy version of England with no compelling social or historical relevance Dominic Head argues that the apparent disconnection is in itself a response to modernity rather than a refusal to engage with it and that the important writers in this tradition have had a significant bearing on the trajectory of English cultural life through the twentieth century At the heart of the discussion is the English rural regional novel of the 1920s and 1930s which reveals significant points of overlap with mainstream literary culture and the legacies of modernism Rural writers refashioned the conventions of the tradition and the effects of literary nostalgia to produce the swansong of a fading genre with resonances that are still relevant today      **Howards End Illustrated** E M Forster,2020-12-29

Howards End is a novel by E M Forster first published in 1910 about social conventions codes of conduct and relationships in turn of the century England Howards End is considered by some to be Forster s masterpiece 1 The book was conceived in June 1908 and worked on throughout the following year it was completed in July 1910 2 In 1998 the Modern Library ranked Howards End 38th on its list of the 100 best English language novels of the 20th century First published in 1910 Howards End is E M Forster s classic story regarding social conventions of different strata of English society at the end of the 19th century The story centers around three families the Wilcoxes a wealthy family who made their fortune in the African colonies the Schlegels three siblings Margaret Helen and Tibby who represent the intellectual bourgeoisie and the Basts a young struggling couple from a lower class background The Schlegels are lively socialites whose spirited and active lifestyles bring them by chance into contact with the Wilcoxes and the Basts Through the entanglement between these three families Forster masterfully depicts the struggle between the upper and lower classes that would dominate England at the end of the 19th century Forster drew upon memories of his childhood home Rooks Nest in Hertfordshire for the titular Howards End a country estate of the Wilcoxes where part of the story takes place and whose ownership comes into question when the Wilcox matriarch Ruth makes a death bed bequeath of the estate to Margaret Schlegel The fate of Howards End and the lives of the family s affiliated with it is brilliantly represented by Forster as a parallel to the fate of English Society itself at the turn of the century This edition includes a biographical afterword      *Howards End* Edward Morgan Forster,Paul B. Armstrong,1998 Tells the story of a strong willed and intelligent woman who refuses to allow the pretensions of her husband s smug English family to ruin her life with criticism and notes on the work      *The Cambridge Paperback Guide to Literature in English* Ian Ousby,1996-02-23 Derived from the parent Guide to Literature in English this volume offers in concise form over 4 000 entries on literature in English from cultures throughout the world Writers and major works from the UK and the USA are represented as are those

from Canada the Caribbean Australia India and Africa The coverage is broad from the classics of English literature to the best of modern writing Additionally the Guide has a wealth of entries on literary movements groups or schools in literature and criticism literary magazines genres and sub genres critical concepts and rhetorical terms      *Howards End* Alistair M. Duckworth,1992 In *Howards End* E M Forster describes Edwardian England not as a golden afternoon of Empire but as a time of conflict between nations parties classes and the sexes Forster s England is one in which a peaceful rural past encounters a frenzied urban present the countryside is threatened by urban encroachment and pollution intellectuals quarrel with businessmen art vies with sport as a recreational activity cultural tastes collide with popular tastes entrenched male power ignores or suppresses emerging female aspirations and laissez faire economic attitudes are harmful to the poor and underprivileged Such conflicts as Alistair Duckworth demonstrates pervade the novel s episodes settings conversations and commentaries On the publication of *Howards End* in 1910 Forster was recognized as a major Edwardian novelist Forster s subtle characterizations narrative ironies perfectly pitched dialogues and evocative treatment of place established him in the great tradition of the English novel of manners Living in a fragmented society Forster brought new depth to that tradition he engaged the divisive issues of his time by presenting them as human encounters in domestic contexts His perspective was that of a liberal humanist in *Howards End* he obviously favors the progressive attitudes of the Schlegel women to the Social Darwinist behavior of the Wilcox men As a realist however he reveals not only the relative powerlessness of benevolent intellectuals to bring about social improvement but also their financial complicity in the system they oppose In its critique of commerce and culture in a swiftly changing world and in its searching exploration of sexual roles *Howards End* has remarkable relevance to the present Rather than arguing that Forster brings the novel s oppositions together to form an aesthetic whole and provide a satisfying political solution to the problems of his time Duckworth values *Howards End* for its formal diversity multiple discourses intertextual echoes and allusions and range of topics and themes He combines a close reading of Forster s text with relevant biographical considerations and comparisons of Forster s techniques with those of significant predecessors such as Jane Austen and contemporaries such as Joseph Conrad and D H Lawrence He also devotes a chapter to the critical reception of *Howards End* from 1910 to the present In showing how *Howards End* is open ended and dialogical in nature Duckworth explains the novel s continuing interest for different sorts and generations of readers and makes a valuable and distinctive contribution to Forster studies      **The Supporting Cast** David Galef,2010-11 For every Hamlet there is a supporting cast for every Mrs Dalloway an entire realm of subordinate portraits Yet if literary criticism cares at all about significant detail emergent patterns and the subtleties in narrative flat and minor characters are crucial to an understanding of the fictional process itself Beginning with E M Forster s landmark study of flat and round characters this book is both a critical and writerly examination of the species Why are certain minor characters so salient in readers minds and why are flat characters often so comic Is a name enough to create a character and if so what is the vanishing point of

characterization The walking allegory the narrator the disrupter the doppelgänger how are they used and to what effect The Supporting Cast first explores the theoretical limits of character from structuralist taxonomies to reader response concerns with examples culled from a wide range of literature The author then applies these concepts in chapters of sustained analysis to works of Conrad Forster and Woolf The work also provides comments on flat and minor characters in other media and a full scale character index of Woolf's *Jacob's Room*
