Kleinknecht,2023-02-21 As America continues down its path of polarization a celebrated journalist tells us the deep story of the red state blue state divide In the wake of Trump s presidency Republican led states have joined in an alarming assault on our democratic system But the drift toward authoritarianism in red states has far deeper roots We now have a country where tens of millions of people live under regimes that have spent years starving education and health care empowering polluters engaging in voter suppression and neglecting their citizens well being in the interest of cutting taxes for the wealthy In *States of Neglect* journalist William Kleinknecht surveys the landscape of neglect in states including Texas Florida and Arizona through the experiences of a rich cast of characters He visits environmental dead zones in the Texas Gulf region He investigates Arizona s abandonment of public education and its corrupt charter school industry He shows how Mississippi s denuded health care system has made the Magnolia State the sickest in the nation And he explains how North Carolina allows its people to sink into poverty while catering to the needs of corporations As a postscript Kleinknecht proposes how progressive states on either coast might join in a compact of progressive federalism that uses their superior economic and cultural resources to counter the influence of the far right    **Classified Guide to Technical and Commercial Books** ,1904
