\*Based on Financial Statement reporting and audit results showing "no significant deficiencies" we have confidence these grades accurately reflect agencies' ability to secure data. All other agencies showed "material weakness" or "significant deficiency," which made it more difficult to use FISMA criteria alone to evaluate an agency's information security posture.

\*\*The Department did not provide its FY06 FISMA Report prior to score card issuance.

Prepared by Ranking Member Tom Davis, House Oversight and Government Reform Committee, based on reports required by the Federal Information Security Management Act of 2002.
