payer system of national health care while the United States opted for a dual system that combines public health insurance for low income and senior residents with private primarily employer provided health insurance or no insurance for everyone else In National Health Insurance in the United States and Canada Gerard W Boychuk probes the historical development of

health care in each country honing in on the most distinctive social and political aspects of each country the politics of race in the U S and territorial politics in Canada especially the tensions between the national government and the province of Quebec In addition to the politics of race and territory Boychuk sifts through the numerous factors shaping health policy

including national values political culture and institutions the power of special interests and the impact of strategic choices made at critical junctures Drawing on historical archives oral histories and public opinion data he presents a nuanced and thoughtful analysis of the evolution of the two systems compares them as they exist today and reflects on how each is poised to meet the challenges of the future

Jillson,2013 An introductory American government textbook should do more than simply tell students that politics is relevant today that it will affect their lives in meaningful ways Students are best prepared to recognize this basic fact when they understand the bigger picture of how the system works how it got that way and what are the possibilities for change Cal Jillson s American Government Political Development and Institutional Change shows students how the nation s past is present in all aspects of contemporary politics using the dynamics of change as a tool to understand how politics works and how institutions systems avenues of participation and policies have evolved over time to produce today s political environment in the United States Going one step further Jillson identifies the critical question of how American democracy might evolve further focusing in every chapter on reform and change into the future
