**Struggling to Make the Grade: A Review of the Causes and Consequences of the Weak Outcomes of South Africa's Education System** Mr.Montfort Mlachila,Tlhalefang Moeletsi,2019-03-01 While South Africa has made significant improvements in basic and tertiary education enrollment the country still suffers from significant challenges in the quality of educational achievement by almost any international metric The paper finds that money is clearly not the main issue since the South Africa s education budget is comparable to OECD countries as a percent of GDP and exceeds that of most peer sub Saharan African countries in per capita terms The main explanatory factors are complex and multifaceted and are associated with insufficient subject knowledge of some teachers history race language geographic location and socio economic status Low educational achievement contributes to low productivity growth and high levels of poverty unemployment and inequality Drawing on the literature the paper sketches some policy considerations to guide the debate on what works and what does not

**Improving National Education Systems After COVID-19** Nuno Crato,Harry Anthony Patrinos,2024-10-14 This open access book compares and analyses the results in twelve countries of the two latest international student assessments Progress in International Reading Literacy Study 2021 PIRLS and the Programme for International Student Assessment 2022 PISA and tries to disentangle the effects of the pandemic from the long term trends in education It is one of the first or maybe the first published volumes to provide a global assessment of the devastating impact of the COVID 19 pandemic on student learning as measured by independent international comparative surveys The 12 countries discussed in this volume represent a wide variety of educational systems including Chile Ecuador England Estonia Italy the Netherlands Poland Portugal South Africa Spain and the United States It compiles diverse scenarios including countries that are high performers countries that perform at the OECD mean and countries that are struggling to attain the OECD average Each country has its history that reflects efforts to cope with pandemic school closures and to improve educational achievement A major topic discussed in this edited volume is related to understanding the diverse circumstances for the variations in results within different countries Why did learning loss in specific locations How much learning was lost Why is a country continuously declining Why is another country constantly improving Why is there higher or less levels of inequality How is a country regularly improving with an outdated curriculum Which policies have worked and which ones have not What can we do now This book is a valuable contribution to answer these concerns based on a diverse sample of countries and research questions

Journal of Psychology in Africa ,2009 **Globalisation, Ideology and Education Reforms** Joseph Zajda,2020-06-17 This book analyses the nexus between ideology the state and education reforms worldwide The research evinces the neo liberal ideological imperatives of current education and policy reforms and illustrates the way these shifts in the relationship between the state and education policy are affecting current trends in education reforms and schooling around the globe With this as its focus the chapters represent hand picked scholarly research on major discourses in the field of global

education reforms Offering a compendium of the very latest thought on the subject this book is like the others in the series a state of the art sourcebook for researchers practitioners and policymakers alike Not only do the chapters offer a timely analysis of current issues shaping education policy research the work also contains ideas about future directions that education and policy reforms could take By doing so it provides a comprehensive view of the diverse and intersecting discourses on globalisation and policy driven reforms in education The book draws on recent studies in the areas of globalisation education reforms and the role of the state Respective chapters critically assess the dominant discourses and debates on education and policy reforms Using diverse comparative education paradigms ranging from critical theory to historical comparative research they focus on globalisation ideology and democracy and examine both the reasons for and outcomes of education reforms and policy change

*The Education Triple Cocktail* Brahm Fleisch, 2018-08-15 The Education Triple Cocktail brings together rigorous quantitative and qualitative research on a new approach to improving foundational teaching and learning for schoolchildren living in working class poor and remote rural communities in resource constrained systems like South Africa At the core of this book is the theory and evidence for a powerful new interlocking and mutually reinforcing change model Inspired by the AIDS treatment story the three pronged approach of structured daily lesson plans appropriate and high quality educational materials and one on one instructional coaching to help teachers transform their instructional practices in early grade classrooms shows that it will improve learning outcomes For education systems defined by low levels of early grade learning and profoundly unequal outcomes The Education Triple Cocktail offers a theoretically informed evidence based way forward This book will be of immense use to teachers students of Education policymakers and parents

*Independent Schooling in Post-apartheid South Africa* Jacques Du Toit, 2004 This paper presents a quantitative overview of the current South African independent schooling sector Historically research on the sector has been partial resulting in questions about its current size and profile A recent survey revealed that the sector has grown considerably since the nineties and that official sources underestimate its size Some popular myths about the sector being largely white and elitist are dispelled by the study which shows that historically disadvantaged learners currently constitute more than 70% of all learners and that more than 50% of all schools charge low to average fees However there is also evidence of new forms of inequity emerging and poor performance in parts of the independent sector of which roleplayers in the sector should be aware HSRC website
