6500-D2

## 6500 Packet-Optical Platform

Tailored to address enterprise business requirements at the edge, the 6500-D2 Packet-Optical Platform is a compact 2RU chassis that cost-effectively extends the flexibility and resiliency of the 6500 platform from the core to the access.

The 6500-D2 is a 2RU chassis composed of two service card-carrying slots, enabling customized configurations for the strictest connectivity requirements at the access edge. The 6500-D2 offers AC and DC powering options, providing flexibility to meet customer premises power requirements, as well as backplane connectivity between the service card slots offering increased scalability and service resiliency options. Additionally, its small footprint and light weight enable field installation by a single person at locations with limited real estate.

## Features and Benefits

- Provides cost-optimized configuration options for efficient transport of flexible services over 2.5G, 10G, 40G and 100G wavelengths via interchangeable circuit packs or integrated in-skin service ports.
- Supports a wide range of service modules, enabling efficient multiprotocol service transport for various business applications, including Ethernet business services, transparent wavelength services, and wireless backhaul.
- Offers a cost-efficient optical line amplifier solution designed for photonic infrastructures with small footprint requirements.
- Enables simplified operations and reduced sparing costs through seamless networking flexibility with the entire 6500 Family, with one software load, one management system, and reusable cards across the various silhouettes.
- Leverages AC and DC powering options in a compact 2RU footprint for a perfect fit into customer premises locations.
- Offers field-replaceable common equipment units, ensuring no service impact during failures for improved network availability and customer satisfaction.
- Expands the reach of the access network with a compact Outside Plant GR-3-100-CORE compliant solution.
