## Instrumentation

---

The instrument panel (dashboard) on your vehicle is divided into several different sections. The illustrations on the following pages show the major parts of the instrument panel that are described in this chapter. Some items shown may not be on all vehicles.

The main controls for the climate control system, clock, and radio are on the instrument panel.

If you have radio transmitting equipment in your vehicle, be aware that it can interfere with your vehicle's electrical system and may cause the instrumentation and/or convenience products to have temporary, abnormal operation.

**NOTE:** Any cleaner or polish that increases the gloss (shine) of the upper part of the instrument panel should be avoided. The dull finish in this area is to help protect the driver from undesirable windshield reflection.
