Women and Confucian Cultures in Premodern China, Korea, and Japan Dorothy Ko,JaHyun Kim Haboush,Joan Piggott,2003-08-28 Representing an unprecedented collaboration among international scholars from Asia Europe and the United States this volume rewrites the history of East Asia by rethinking the contentious relationship between Confucianism and women The authors discuss the absence of women in the Confucian canonical tradition and examine the presence of women in politics family education and art in premodern China Korea and Japan What emerges is a concept of Confucianism that is dynamic instead of monolithic in shaping the cultures of East Asian societies As teachers mothers writers and rulers women were active agents in this process Neither rebels nor victims these women embraced aspects of official norms while resisting others The essays present a powerful image of what it meant to be female and to live a woman s life in a variety of social settings and historical circumstances Challenging the conventional notion of Confucianism as an oppressive tradition that victimized women this provocative book reveals it as a modern construct that does not reflect the social and cultural histories of East Asia before the nineteenth century    *Wilhelm Herzberg's Jewish Family Papers (1868)* Manja

Herrmann,2021-01-18 Wilhelm Herzberg s novel *Jewish Family Papers* which was first published under a pseudonym in 1868 was one of the bestselling German Jewish books of the nineteenth century Its numerous editions reviews and translations into Dutch English and Hebrew are ample proof of its impact Herzberg s *Jewish Family Papers* picks up on some of the most central contemporary philosophical religious and social debates and discusses aspects such as emancipation antisemitism Jewishness and Judaism nationalism and the Christian religion and culture as well as gender roles So far however the novel has not received the scholarly attention it so assuredly deserves This bilingual volume is the first attempt to acknowledge

how this outstanding source can contribute to our understanding of German Jewish literature and culture in the nineteenth century and beyond Through interdisciplinary readings it will discuss this forgotten bestseller embedding it within various contemporary discourses religion literature emancipation nationalism culture transnationalism gender theology and philosophy ***The Family***,1923 ***The Saturday Review of Politics, Literature, Science and Art***,1907 **Women in the French Enlightenment** Anna Maria Marchini,2022-07-28

This volume deals with philosophical scientific and ideological images of women during the French Enlightenment examining their emergence in the reflections of the philosophes in Catholic morality in biological and medical knowledge in novels in periodicals and in the law Alongside the appeals for social and intellectual emancipation advanced by the femmes savantes typical of the eighteenth century salons a new conception pertaining to women's social role related to the affirmation of the bourgeoisie and of its model of the family took place Codified in a more complex and organized way within the Rousseauian philosophy this new conception spread in various cultural debates gaining a real hegemony women were meant to be excluded from any public space devoid of cultural aspirations and only devoted to satisfying the needs of the family The book adopts a multidisciplinary interdisciplinary and synthetic approach and at the same time highlights the roots of some fundamental ways of considering women that are still active in present day society It also addresses researchers in the history of philosophy sociology literature and gender studies and readers with an interest in women's issues ***The Soviet Family*** David Robert Mace,Vera Mace,1963

communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation
