**Introduction to Management Accounting, Chap. 1-14** Charles T. Horngren, Gary L. Sundem, William O. Stratton, 2005 Make the right decisions with Horngren Sundem Stratton Horngren Sundem Stratton's best selling texts emphasize decision making throughout each chapter. Decision making is introduced in the early text chapters and also appears in many of the text features. Making Managerial Decisions boxes, critical thinking exercises, and more. As always, students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. Two text versions enable faculty to select a text that only covers management accounting concepts (Chs 1-14) or one that includes three chapters of financial accounting review (Chs 1-17). New OneKey provides the convenience of having all text resources in a single location and available in your choice of course management platform BlackBoard, WebCT, and CourseCompass. OneKey also includes PH Grade Assist on line homework with automatic grading and infinite practice for students.

**Introduction to Management Accounting** Charles T. Horngren, Gary L. Sundem, William O. Stratton, 2002 New edition of a text that introduces the theory and practice of management accounting. With a focus on planning and control decisions, it deals with nonprofit, retail, wholesale, selling, administrative situations and manufacturing. The 19 chapters cover decision making accounting for planning and

*Loose Leaf for Introduction to Managerial Accounting* Eric Noreen, Ray H. Garrison, Peter C. Brewer, Professor, 2018-01-09

Brewer's *Introduction to Managerial Accounting* has earned a reputation as the most accessible and readable book on the market. Its manageable chapters and clear presentation point students toward understanding just as the needle of a compass provides direction to travelers. However, the book's authors also understand that everyone's destinations are different. Some students will become accountants while others are destined for careers in management, marketing or finance. Not only does the Brewer text teach students managerial accounting concepts in a clear and concise way but it also asks students to consider how the concepts they're learning will apply to the real world situations they will eventually confront in their careers. This combination of conceptual understanding and the ability to apply that knowledge directs students toward success whatever their final destination happens to be.
