Decoding the Rise of China Tse-Kang Leng, Rumi Aoyama, 2018-05-17 This edited collection provides a synthetic analysis of the rise of contemporary China and its impact on the current global system from a range of Asian and Western perspectives Highlighting Taiwanese and Japanese viewpoints the book considers a macro integrated vision of the rise of China and examines the vital cultural factors which link domestic politics and foreign policy in the Sino Japanese relationship The book addresses key policy matters such as the internationalization of the Chinese currency and Arctic diplomacy and provides a key reference on contemporary Chinese foreign policy and the Sino Japanese relationship for students academics experts and policy makers in the field of Area Studies History and International Relations Composing Research Communicating Results Kurt Lindemann, 2025-09-17 Offers practical guidance on writing communication research papers in an evolving academic landscape Writing remains central to student assessment and professional development yet many students enter communication classes without the skills needed to craft effective scholarly work Composing Research Communicating Results Writing the Communication Research Paper is a comprehensive practice based guide to academic writing in communication and related social sciences Walking students through every stage of the writing process from brainstorming and outlining to constructing sentences and presenting their final papers Kurt Lindemann demystifies writing through clear explanations practical exercises and real student examples With the rapid emergence of AI writing tools students need more than tips they need ethical frameworks and critical strategies for integrating these technologies into their work This edition addresses these needs head on providing real world advice on maintaining academic integrity when using AI in the writing process Expanded content also includes a new chapter on incorporating feedback into revisions and enhanced discussions on inclusive language citation practices and diversity in source selection Applying writing principles specifically to communication focused assignments such as literature reviews and application papers Composing Research Communicating Results Offers the most comprehensive treatment available of sentence and paragraph construction in communication writing Equips students to present and submit papers to academic and professional outlets including conferences and podcasts Introduces the TESLA Method for effective paragraph development and writing flow Highlights common grammar issues with accessible relatable explanations Features pedagogical tools such as Write Away exercises Building Blocks assignments Engaging Ethics tips and Student Spotlight examples Composing Research Communicating Results Writing the Communication Research Paper Second Edition is perfect for upper division undergraduate and graduate level courses in Communication including methods media interpersonal intercultural and organizational communication It fits within Communication and related social science degree programs as a writing companion text or course supplement Community Translation Mustapha Taibi, Uldis Ozolins, 2016-02-25 Investigating an important field within translation studies Community Translation addresses the specific context characteristics and needs of translation in and for communities

Traditional classifications in the fields of discourse and genre are of limited use to the field of translation studies as they overlook the social functions of translation. Instead, this book argues for a classification that cuts across traditional lines based on the social dimensions of translation and the relationships between text producers and audiences. Community Translation discusses the different types of texts produced by public authorities, services and individuals for communities that need to be translated into minority languages and the socio-cultural issues that surround them. In this way, this book demonstrates the vital role that community translation plays in ensuring communication with all citizens and in the empowerment of minority language speakers by giving them access to information enabling them to participate fully in society.

The European Neighbourhood Policy - Values and Principles Sara Poli, 2016-03-31. The European Neighbourhood Policy is a key part of the foreign policy of the European Union (EU) through which the EU works with its southern and eastern neighbours with a view to furthering its interests and achieving the closest possible degree of political association and economic integration. The policy is underpinned by a set of values and principles that the EU seeks to promote. The European Neighbourhood Policy Values and Principles carries out a legal analysis of the values and principles that form the basis for the European Neighbourhood Policy: respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights including the rights of minorities, plus the principles of conditionality, differentiation and coherence. This collection explores the instruments that the EU has deployed under the European Neighbourhood Policy to spread its values and to achieve its interests. It assesses to what extent the EU has been and is consistent in upholding its values in its relations with neighbouring countries and examines how these values have been received by these countries. The book looks in particular at the nature of EU-Russia relations seeking to identify areas of common interest as well as those of actual and potential disagreement.

Ukraine Over the Edge Gordon M. Hahn, 2018-02-08. The Ukrainian crisis that dominated headlines in fall 2013 was decades in the making. Two great schisms shaped events: one within Ukraine, its western and southeastern parts divided along cultural and political lines; the other was driven by geopolitical factors. Competition between Russia and the West exacerbated Ukraine's divisions. This study focuses on the historical background and complex causality of the crisis from the rise of mass demonstrations on Kiev's Maidan Nezalezhnosti (Independence Square) to the making of the post-revolt regime. In the context of a new cold war, the author sheds light on the role of radical Ukrainian nationalists and neo-fascists in the February 2014 snipers massacre, the ouster of President Viktor Yanukovich and Russia's seizure of Crimea and involvement in the civil war in the eastern region of Donbass.
