More than ever before HR practitioners must empirically demonstrate a clear link between their practices and firm performance. In *Investing in People* Wayne F Cascio and John W Boudreau show exactly how to choose, implement and use metrics to improve decision making, optimize organizational effectiveness and maximize the value of HR investments. They provide powerful techniques for looking inside the HR black box, implementing human capital metrics that track the effectiveness of talent policies and practices, demonstrating the logical connections to financial and line of business and using HR metrics to drive more effective decision making. Using their powerful LAMP methodology (Logic, Analytics, Measures and Process), the authors demonstrate how to measure and analyze the value of every area of HR that impacts strategic value.
