Human Interaction, Emerging Technologies and Future Applications II Tareq Ahram, Redha Taiar, Vincent Gremiaux-Bader, Kamiar Aminian, 2020-04-02 This book reports on research and developments in human technology interaction. A special emphasis is given to human computer interaction and its implementation for a wide range of purposes such as healthcare aerospace telecommunication and education among others. The human aspects are analyzed in detail. Timely studies on human centered design, wearable technologies, social and affective computing, augmented, virtual and mixed reality simulation, human rehabilitation and biomechanics represent the core of the book. Emerging technology applications in business, security and infrastructure are also critically examined, thus offering a timely, scientifically grounded but also professionally oriented snapshot of the current state of the field. The book is based on contributions presented at the 2nd International Conference on Human Interaction and Emerging Technologies Future Applications IHET AI 2020 held on April 23-25 in Lausanne, Switzerland. It offers a timely survey and a practice oriented reference guide to researchers and professionals dealing with design and/or management of the new generation of service systems

*Be ARCH* Vaibhavi Bhandary, Rahul Rao, Shravan Shetty, 2020-07-19 In a world of rat race amidst an ocean of career options and opportunities students often face a dilemma in making the right choice for their careers. While some of them find themselves at a juncture of social pressure a few others become a victim of lack of knowledge regarding various courses and often end up pursuing a course that may not be what they are really looking for. Hence it is vital for students to know the details of a course with clarity before finalizing on their options. This book is curated by three young Architects from U WE DESIGN an architectural design firm with an intention to present clarity in the minds of students about the Bachelor of Architecture course and varied doors of opportunities that it can lead to with a hope that their simplified expressions about the course will breakdown the uncertainties that are often faced by every young mind who is out in search of information related to the course. The book is not only for students but anybody including guardians/parents who would like to ensure the details of the course and the architectural arena. If you are somebody looking forward to knowing about studying architecture or currently pursuing BArch this book is an all in one package for your queries. Through the narrative pages of the book team U WE DESIGN asserts to build confidence in you in making your choice with clarity and certainty. To every aspiring mind with big dreams happy reading and all the best
