Supplement** Detroit Public Library,1899 Contents 1 1889 1893 2 1894 1898 3 1899 1903 The Berlin Defence Unraveled Luis Bernal,2017-06-27 The Berlin Defence has been a highly popular opening in top level chess ever since Vladimir Kramnik famously used it in the 2000 World Championship match to wrest the title from Garry Kasparov Club players often hesitate to include the Berlin in their

repertoire because they see the typical Berlin Wall endgame as complex and daunting International Master Luis Bernal has unraveled the Berlin and made it accessible for amateur players His practical guide is fully up to date explains typical formations and strategies and presents new ideas and resources in the old Berlin Wall structures But today the Berlin is much more than just the Wall Bernal systematically leads you through the labyrinth of the various modern Anti Berlins with their constant flow of new ideas He also presents a number of tricky sidelines that could catch your opponent off guard This no nonsense state of the art guide finally brings this important chess opening within reach of club players With clear explanations concise conclusions and didactic exercises

Detroit Public Library,1899 **A Chess Opening Repertoire for Blitz & Rapid** Evgeny Sveshnikov,Vladimir

Sveshnikov,2016-03-23 Playing blitz is one of the great joys in every chess player s life In modern times faster time controls have become more important than ever Every day innumerable numbers of rated blitz and rapid games are being played in online and over the board competitions and championships In blitz even more than in classical chess it is important to make the right decisions quickly and almost instinctively That is why world famous opening expert Grandmaster Evgeny Sveshnikov and his son International Master Vladimir Sveshnikov have created a chess opening repertoire for club players that is forcing both narrow and deep and aggressive The aim is to be in control as much as possible You want to be the one who decides which opening is going to be played you want to dictate the technical and strategic choices And you want to keep the pressure increasing your opponent s chances to stumble In designing their repertoire father and son Sveshnikov have made a crucial choice they do not want you to end up in positions where finding the theoretically best move is all important but in positions where it is relatively easy to keep finding the moves with the greatest practical effect and use If you play the lines the Sveshnikovs have selected your results will improve You may even end up playing their variations in slow chess as well
