Physical Examination Health Assessment 7th Edition offers a clear logical and holistic approach to physical exams across the lifespan. A total of 1,200 illustrations, checklists of key exam steps, and practical insights ensure that you learn all the physical exam skills you need to know. Written by Carolyn Jarvis, an experienced educator and clinician, this gold standard in physical examination reflects what is going on in nursing today with coverage of emerging trends and the latest on evidence-based practice. It's easy to see why this text is far and away 1 in this field. A clear logical and streamlined approach simplifies content and helps you learn to perform the complete health assessment. The conversational, easy-to-understand writing style makes learning easier. A two-column format distinguishes normal findings from abnormal findings and uses step-by-step photos to clarify examination techniques and expected findings. 1,200 full-color illustrations present anatomy and physiology, examination techniques, and abnormal findings. Abnormal findings tables include more than 300 pathophysiology photos to help in recognizing, sorting, and describing abnormalities. Comprehensive coverage reflects the realities of today's nursing practice. NEW content on the Electronic Health Record charting and narrative recording provides examples of how to document assessment findings. 150 NEW normal and abnormal examination photos for the nose, mouth, throat, thorax, and pediatric assessment show findings that are unexpected or that require referral for follow-up care with cultural diversity and developmental variations. UPDATED evidence-based practice content is highlighted and reflects a focus on conducting the most effective, accurate examinations. UPDATED case studies provide opportunities to apply your knowledge and develop your analytical skills. Checklists for use in RN to BSN completion programs provide a refresher for seasoned nurses returning to the classroom. A holistic approach to assessment accommodates the diverse types of patients that you will encounter in the real world. Documentation and Critical Thinking sections provide real-world clinical examples of specific patients and how to record assessment findings in the patient's chart using the SOAP format. Promoting a Healthy Lifestyle boxes enable patient teaching and health promotion while performing the health assessment and now address the key concept of prevention. Developmental Competence sections provide age-specific assessment techniques for infants, children, adolescents, pregnant women, and older adults. Culture and Genetics sections include biocultural and transcultural information on an increasingly diverse patient population. Spanish language translations highlight important phrases for improved data gathering and communication during the physical examination with Spanish-speaking patients.
