The first part of the book gives a brief overview of the home inspection business including its history and the way it is now. Then it tells the reader who does home inspections, what qualifications a home inspector needs to have, and how a home inspection is done. It also goes into detail about inspecting the outside of the house, the inside of the house, and the results of the home inspection. Home Inspection for Beginners is a complete guide to the home inspection process. Home Inspection for Beginners ends with a look at the code of ethics for professional home inspectors.
