investigates the ESD's transformative potential for pedagogic practice and builds a set of principles for how the global objectives of the ESD can be interpreted in diverse socio-cultural contexts. Her approach for transformative pedagogic practice emphasizes the promotion of a critical consciousness through argumentation skills. Using the case of water conflicts in geography education in India, the book reveals the contradictions between ESD objectives and curricula, syllabi, textbooks and classroom teaching at secondary schools in Pune, Maharashtra. Leder's approach demonstrates how principles of schooling can be altered towards learner-centered problem posing and network thinking teaching approaches to empower students towards reflective decision making on the sustainable use of natural resources. *A Pedestrian on a Highway*

Gayathri Devi Dutt, 2019-02-04. Nearly everyone wants to peep. Inevitable if you want to understand something in entirety. May be a few concrete abominations behind scenic woods. Something telling you there is just more. These memoirs are an honest tender meeting of that need to peep with the impulse to show a type of nascent voyeurism. Behind the gritty forbidding persona of the professional woman lies the engaging story of a vulnerable girl who grappled with childhood prejudices, social dogma and disheartening career plateaus. These are Gayathri's lessons with life. From legal battles through miscarriages, she had very few guides. While her revelations are trepidatious, they offer a glimpse into the emotional turbulence that characterizes the lifescape of a woman emerging out of patriarchal structures from early childhood through her 60s. This is an everyday story whose power grows over time. Dr. Deepthi Asst. Professor, Dept. of English, Govt. First Grade college for women, Ramanagara.
