

Gibbs's Reflective Model Template

Gibbs's Reflective Cycle (Gibbs, 1998) helps you to practice your reflective skills. Use the template to reflect on a recent event in which you demonstrated one of the Employability Competencies.

I am writing this reflection to provide evidence
of.....competency

Description: what happened?

Feelings: what were you thinking and feeling?

Evaluation: what was good and bad about the experience?

Analysis: what sense can you make of the situation?

Conclusion: what else could you have done?

Action plan: if it arose again, what would you do?

Gibbs Model Of Reflection Template

Julio Gimenez

Gibbs Model Of Reflection Template:

Embedding Counselling and Communication Skills Rebecca Midwinter, Janie Dickson, 2025-04-30 Embedding Counselling and Communication Skills provides a step by step approach for those looking to gain a theoretical and practical understanding of using counselling and communication skills within the helper role and applying these skills in the context of professional practice This revised edition is brought up to date with new content around the subjects of working online working across difference and diversity coaching grief and loss and managing challenging situations Written in a clear and accessible teaching style this book progresses through the initial helper communication skills that are used in everyday life to the more complex and in depth counselling skills required in a helper relationship It introduces the reader to a Relational Skills model which demonstrates the phases of relationship development The authors show what happens within each phase and identify how and when to use skills appropriately Knowledge of reflective practice aspects of the relationship and how to manage change ensures the text considers the full range of general and specific skills and abilities required Learning is brought alive through the use of online video clip sessions of a real helper client relationship giving the reader opportunities and encouragement to reflect and evaluate their learning This book will be an essential resource for students taking an introductory counselling skills course other trainees within the mental health sector coaches and many other qualified professionals who wish to enhance their knowledge of embedding counselling skills into their work and practice **Study Skills for Paramedics, E-Book** Helen Cobb, Emily Forster, 2021-12-10 As paramedicine shifts to an all graduate profession in the UK this new title is designed specifically to support students to meet the rigorous academic requirements of becoming a paramedic Study skills has a direct and forthright approach and covers everything students need to succeed in academia from academic writing to referencing essays and presentations exams and reflective practice Its interesting case studies are ideally suited to students of this hands on profession Written by paramedics for paramedics this book will help students of all academic levels quickly find their feet and excel on their journey toward working in an ambulance or healthcare setting Written by experienced paramedicine lecturers and tailored to the academic requirements of students Conforms to Universal Design for Learning making the text accessible for everyone Written simply and without waffle ideal for practically minded students Healthcare examples throughout put learning into context **Writing for Nursing and Midwifery Students** Julio Gimenez, 2024-02-08 Combining the theory and practice of academic writing this book helps you to master the basics of writing at university It equips you with the skills needed to examine cognitive processes such as reflection and critical thinking and includes essential information on referencing your work correctly and avoiding plagiarism A comprehensive writing toolkit for students of nursing midwifery health and social care it provides a step by step approach to a whole range of genres specific to these disciplines going beyond the traditional academic essay to include care critiques action plans portfolios and systemic reviews as well as complex argumentative writing and the undergraduate dissertation proposal It also

offers help with texts for professional development such as portfolios and conference abstracts Supporting you throughout your degree this new edition includes A new section on making effective notes An updated section on reflection including the latest reflective models A wider range of examples covering areas such as mental health children and learning disabilities in nursing and midwifery care and A self assessment quiz and achievement chart to help you track your learning as you work through the book Written in a lively engaging and accessible style this book is an invaluable companion for students at all levels and will give you the confidence to succeed on your course

Augmenting Health and Social Care Students' Clinical Learning Experiences Stephen Billett, Jennifer Newton, Gary Rogers, Christy Noble, 2019-02-25 This edited volume offers a range of insights about practices of and findings associated with enriching health and social care students learning by their engagement in educational processes during and after the completion of their practicum experiences in health and social care settings That is using post practicum intervention to augment and enrich those learning experiences The collected contributions here draw on the processes of trialing and evaluating educational processes that aimed to enrich those practicum experiences for purposes of improving students understandings abilities to address patients needs and health and social care related dispositions These processes and findings from these processes across medical nursing midwifery physiotherapy pharmacy exercise physiology dietetic and speech pathology education speak directly to educators in both clinical and educational settings in the health and social care sectors These messages which arise from educators and clinicians enacting and evaluating these interventions offer practical suggestions as well as conceptual advances The reach of the accounts of processes findings and evaluations is not restricted to this sector alone however The lessons provided through this edited volume are intended to inform how post practicum interventions might be enacted across a range of occupational fields

The Nurse Mentor's Handbook Danny Walsh, 2010-10-01 All nurses have a duty via their professional code of conduct to pass on their knowledge and this book is the ideal companion text for all new and trainee nurse mentors This book provides a unique guide to strategies and ideas to help devise and enhance learning opportunities for their students With a practical and accessible style the book answers all those questions that mentors may have about the mentoring role including How can I create a good learning environment How should I assess students in practice How do I support failing students What should I include in my mentors portfolio The book includes cases quotes from practitioners strategies tools and interventions that you can use in clinical practice The Nurse Mentor's Handbook is centred around the Nursing and Midwifery Council NMC mentor standards and is easy to relate to nurse mentor courses and the requirements for effective updating
