Reel Stories Jim Cunningham, 2019-04 Reel Stories is a collection of Short Stories Nano and Flash Fiction

The pieces range in length from 92 words to ten pages The title reflects not only the realism portrayed in the works but also the way the stories unfold for the storyteller Behind the eyes he watches these reels roll triggered by a phrase an image a memory He knows not where the story is going until it gets there He writes to discover the story himself Or perhaps as Harper Lee contends the author is engaging in a self exploratory operation that is endless An exorcism not necessarily of his demon but of his divine discontent The storyteller hopes you will take the journey with him Quickies Andie

Four Short Stories ,2010 **Quickies** Andie M. Long,2015-03-03 Sometimes you just have ten minutes Or you re waiting at the bus stop It could be a small train journey Maybe your partner is due home Or friends are on their way In Andie M Long s Quickies you are invited to lose yourself in short stories poetry and flash fiction Enjoy a quickie where time is pressured or precious Some stories are 18 and contain adult themes Puddles and Memories J. M. Norman,2016-02-09 This is a collection of flash fiction or very short fiction six small stories equaling a typical story that I d normally write One deals with a man who s lost his job and as a result has an emotional breakdown another attempts to philosophically interpret an horrific dream one interprets two of the Buddha s sutras connecting to another story in the collection another is a metaphor on trying to fix a broken marriage the last two strive to define hope amidst the chaos and the drama personified in the previous four stories with one reminiscing over being a teen and wide eyed and the last finding tranquility in a new home

Moments R T Anders,2018-09-30 Flash Fiction An Author s Explanatory Note I first heard the term Flash Fiction in the fall of 1998 from my cousin who was a member of Southern California writers Although the genre may seem to be of recent origin it appears even in the fables of Ancient Greece Any definition of flash fiction was obscure except it consisted of extremely short stories with at least the approximation of plot and characterization The obvious idea is to create the most

storyline possible using the absolute minimum wordage As time passed I found many definitions of maximum word counts It seems any story 1000 words or less is perhaps the most generally accepted I have come across sites where 1500 and even the magical limit of 2000 words wherein begins the true definition of short story is acceptable Other names for Flash Fiction include short short sudden minute postcard furious fast micro and skinny This genre may well appeal to those ensconced in waiting rooms or other similar places where you can't leave but some diversion is desired to fill the gap between now and a hopefully short whenever Hence each piece of flash fiction contained in this collection was written at different times and under the auspicious rules of the then current length definition Therefore each of the 52 selections will have two designated numbers on the title line They identify the current story's length and the maximum word number rule for that particular entry respectively So having optimistically divulged the pertinent prerequisite information required for these readings I close with the sincere hope you will enjoy Most Cordially R T Anders *Flash Fiction World - Volume 3* Vic Errington, 2013-02-01
