There is a growing body of research that suggests that language is a key factor in the development of literacy skills, and that the relationship between language and literacy is bidirectional.

The author thanks the anonymous referees and the editor for their useful comments and suggestions.

After it was established that no such committee existed, the committee was officially disbanded, presumably because no one was interested in it. The present author does not know of any other. However, the former director of a government-owned company, the State Electricity Board, who should have known about a former director of the CG, has informed the present author that there is now, in fact, a committee of the CG, which is concerned with the promotion of the CG's interests in the power industry.

The main objective of the present research is to study the effect of different organic and inorganic fertilizers on the growth and yield of *Phaseolus vulgaris* L. under different soil conditions and to find out the best fertilizer for the maximum yield.
