**Dude, You're Gonna Be a Dad!** John Pfeiffer, 2011-04-18. Congrats Dude! Your go-to guy guide to being the greatest dad before her due date. There are approximately 3,712 ways for a guy to look stupid during pregnancy; this book's here to help you avoid all most of them. And here's your first hint: Focus on what you can be doing for her rather than what's happening to her. She's pregnant. She knows that. You know that. And her 152 baby books tell her exactly what she can expect. Your job is to learn what you can do between the stick turning blue and the drive to the delivery room to make the next nine months go as smoothly as possible. That's where John Pfeiffer steps in. Like any good coach, he's been through it. He's dealt with the morning sickness and doctor visits, painting the baby's nursery and packing the overnight bag, choosing a name, hospital and the color of the car seat cover. All the while, he remained positive and responsive. There with a "You're beautiful" when necessary but assertive during the decision making process; he didn't want to wind up with a kid named Percy. And now it's your turn. She might be having the baby, but you have plenty of responsibilities. **Parents Book for New Fathers** David Laskin, 1988. The first complete guide to pregnancy, childbirth, childcare, and child development designed exclusively for fathers from America's 1 family magazine. Today more than ever before, fathers share in the practical responsibilities and in the intimate rewards of raising their children. The Parents' TM Book For New Fathers offers sensitive, sensible guidance for every situation you'll face from your wife's pregnancy through the first year of your baby's life. You'll learn how to decide on the best time to start your family, seek help for problems of infertility, overcome the common worries of expectant fathers, give your wife the support she needs, select a birth method that's right for you and your wife, master the practical routines of infancy such as diaper changing, bathing, and feeding, gauge the growth and development of your child, meet the special challenges of being an adoptive or single father, and much, much more. Based on the latest research and interviews with scores of new fathers, here is everything you need to know to be the father of a happy, healthy family. **Watch Your Junk and Other Advice for Expectant Fathers** Benjamin Wallace, 2016-01-03. Children are amazing. Their limitless capacity for love is matched only by their ability to make you feel like an idiot. Don't worry. You're not alone. Watch Your Junk and Other

Advice for Expectant Fathers tackles the subjects that other baby books ignore Why you shouldn't touch the wand in the sonogram room The exact moment your opinion no longer counts How people will respond to the news How TV and baby classes have lied to us Which poop jokes to expect in the delivery room Converting diapers into usable guilt How to assure your child says your name first And much much more There's even a twin version in case you're so much a man that you knocked up your wife twice at the same time Don't go into fatherhood unprepared read Watch Your Junk and Other Advice for Expectant Fathers today and know what to expect before it's too late [Dad's Guide To Pregnancy For Dummies](#)
