On the contrary, it reflects the many connections in law between the national and the international. The Finnish Yearbook of International Law annually publishes articles of high quality dealing with all aspects of international law including international law aspects of European law with close attention to developments that affect Finland. Its offerings include longer articles of a theoretical nature exploring new avenues and approaches, shorter polemics, commentaries on current international law developments, book reviews, and documentation of relevance to Finland's foreign relations not easily available elsewhere. The Finnish Yearbook offers a fertile ground for the expression of and reflection on the connections between Finnish law and international law as a whole and insight into the richness of this interaction. *Journal Officiel* League of Nations, 1921
