

## Chapter 5 for GACE 101 Study Guide 2023 Update

How did Piaget's theory of development differ from that of Freud?

Piaget viewed development as a product of interaction between biological and environmental forces.

Freud focused on factors that motivate behavior; Piaget focused on evolution and natural selection.

Freud focused on factors that motivate behavior; Piaget focused on intellectual development.

Piaget focused on the family unit; Freud was more interested in the individual. -

ANSWER-Freud focused on factors that motivate behavior; Piaget focused on intellectual development.

How are learning theories different from cognitive developmental theories?

Their ability to be tested and their focus on changes throughout the human lifespan makes learning theories different.

Their acknowledgement of unconscious motivation and the importance of early experiences makes learning theories different.

Their focus on the way individuals learn new behaviors makes learning theories different.

Their influence in the field of education and the large amount of supporting research makes learning theories different. - ANSWER-Their focus on the way individuals learn new behaviors makes learning theories different.

Why did the use of developmental theories become popular for analyzing human growth?

It allowed us to examine how unconscious motivation affects behavior.

It made it easier to measure how behavior is learned.

It allowed us to view the growth taking place in a positive way.

It exists to develop sequential steps with practical applications for human growth. -

ANSWER-It allowed us to view the growth taking place in a positive way.

Which of the following is an example of systems theory?

A family that eats dinner together every night enjoys a positive, happy relationship.

A young girl's interaction with her family, community, school and church all have impact on her development and growth.

A person's thought processes impact how she views the world around her.

A boy is ignored and left alone much of his childhood, greatly affecting how he feels about his self-image. - ANSWER-A young girl's interaction with her family, community, school and church all have impact on her development and growth.
