**Information Modeling Methods and Methodologies: Advanced Topics in Database Research** Krogstie, John, Halpin, Terry, Siau, Keng, 2004-08-31 The purpose of this book is to disseminate the research results and best practice from researchers and practitioners interested in and working on modeling methods and methodologies. Though the need for such studies is well recognized there is a paucity of such research in the literature. What specifically distinguishes this book is that it looks at various research domains and areas such as enterprise process goal object orientation data requirements ontology and component modeling to provide an overview of existing approaches and best practices in these conceptually closely related fields. Note: This book is part of a series entitled Advanced Topics in Database Research. *Advanced Methodologies and Technologies in Artificial Intelligence, Computer Simulation, and Human-Computer Interaction*

**Khosrow-Pour, D.B.A., Mehdi, 2018-09-28** As modern technologies continue to develop and evolve the ability of users to adapt with new systems becomes a paramount concern. Research into new ways for humans to make use of advanced computers and other such technologies through artificial intelligence and computer simulation is necessary to fully realize the potential of tools in the 21st century. *Advanced Methodologies and Technologies in Artificial Intelligence Computer Simulation and Human Computer Interaction* provides emerging research in advanced trends in robotics AI simulation and human computer interaction. Readers will learn about the positive applications of artificial intelligence and human computer interaction in various disciplines such as business and medicine. This book is a valuable resource for IT professionals, researchers, computer scientists and researchers invested in assistive technologies, artificial intelligence, robotics and computer simulation.

**Advanced Methods in Distance Education: Applications and Practices for Educators, Administrators and Learners** Dooley, Kim E., Lindner, James R., Dooley, Larry M., 2005-02-28 This book covers theory to practice with readers gaining the necessary knowledge, skills and abilities to be successful in teaching or training using technology mediated instruction. Provided by publisher **Advanced Web-Based Training Strategies** Margaret Driscoll, Saul Carliner, 2005-03-11

Advanced Web Based Training Strategies fills the gap in the literature available on this topic by offering a volume that includes meaningful, applicable and proven strategies that can take the experienced instructional designer to the next level of web based training. Written by Margaret Driscoll and Saul Carliner, internationally acclaimed experts on e learning and information design. Advanced Web Based Training Strategies provides instructional designers, e learning developers, technical communicators, students and others with strategies for addressing common challenges that arise when designing e learning. Balancing educational theory with the practical realities of implementation, Driscoll and Carliner outline the benefits and limitations of each strategy, discuss the issues surrounding the implementation of these strategies and illustrate each strategy with short scenarios drawn from real world online learning programs representing a wide variety of fields including technology, financial services, health care and government.
