**Training Your Board of Directors** ArLyne Diamond, Ph.D., 2015-06-04 The role of the Board of Directors is critical to the health and growth of both for profit and not for profit organizations. Although there are some differences in organizational roles and responsibilities, similarities far outweigh the differences. This manual is designed for Chief Executive Officers, CEOs, Board Chairs, Board Directors, Administrators, Executive Directors, and those contemplating serving on boards in the future. Although the manual works best as an interactive document for a group of people working together with a well-trained facilitator, it can be used as an educational and motivational guide for any interested individual willing to improve his or her participation on boards, committees, or groups of any kind.
