**The Retabulism** Nas E. Boutammina,2018-02-19 The Retabulism is a current of thought that formally asserts that History and Historiography commonly accepted have been established for centuries on distorted foundations garbled or just completely fabricated These History and historiography originate in the Middle Age then set in printing in the Renaissance become institutionalized in the quiet lounges during the Enlightenment are prescribed in the chancelleries in the industrial era Finally they popularized in all media in contemporary era The Orthodox History or formal has long been a first set of events chronic collections to strategic goals political mercantile hegemonic etc that uses and abuses of facts that were never produced Therefore the Retabulism protests against this spirit of deceit prefabricated Beyond preconceived events the retabulist action describes the circumstances of their production and even it should reveal what really happened by using all the means that science makes available to discover the reality so the historical truth Indeed history is first retabulist knowledge of authentic events then search their consistency Harmony logical connection no contradiction in their sequence etc which exceeds the pure historiographical succession to form a coherent discourse approximation comparison establishing causes chains etc The Retabulist shows that history has logic and the latter is that of a reality that is built up to its source and not endlessly reproducing historiographical artificial content Beyond the dogmatic or historical dogmatism History History orthodox or official and Historiography can we glimpse the Retabulism a Counter History ie an overhaul of Humanities substrate

**The Kaabaean prototype of writing systems** Nas E. Boutammina,2019-01-29 Without a doubt one of the most important processes of expression and communication of mankind was writing The latter appears as something that has always existed and therefore denies any notion of the invention of a syllable and its corollary the spelling Could the linear alphabetic writing the Kaabaean not have been used immediately as soon as man appeared at a very remote time that the scientific community called prehistory The diffusion of Scripture is a long process that has taken place for tens of thousands of years as has been the one of human migration from its point of origin Thus throughout these tens of millenia BC along with migratory movements scripture had spread geographically in cultural areas that would become very different between them and therefore very distinct from its Original frame

Quelquefois une divulgation du syllabaire de base aboutit à un développement inattendu celui de produire des écritures locales dans une forme hiéroglyphe sinogramme comme en témoignent les vestiges et les découvertes paléographiques. La problématique de l'approche pistologique de l'écriture est longtemps restée monoscripte et monolithique chez les spécialistes de ce type de domaine linguistique. L'écriture paléographique etc. Peut-être serait-il temps d'essayer d'autres démarches méthodologiques pour arpenter de nouveaux terrains d'investigations loin des sentiers battus.

**Jinn et Univers imperceptible** Nas E. Boutammina, 2025-01-01 Depuis l'aube de l'Humanité, les jinn sont restés des figures mystérieuses du folklore et des rituels populaires enveloppés de légendes et de surnaturel. Ce livre propose une plongée dans le monde des jinn où le mystère et le rationnel se côtoient. Les jinn ont captivé l'imaginaire collectif depuis des siècles. Mais qui sont vraiment les jinn ? Sont-ils de simples êtres mythiques ou peuvent-ils être compris à travers le prisme de la science moderne ? Explorez les origines, les caractéristiques et les interactions des jinn avec les humains. Ce livre offre des hypothèses captivantes et des postulats fascinants sur la nature des jinn et leur impact potentiel sur la psyché humaine. Une approche rationnelle qui projette une nouvelle lumière sur ces êtres légendaires. Découvrez comment ces entités imperceptibles, figures centrales de nombreuses pratiques sotériques et occultes, continuent de faire vibrer les traditions spirituelles et culturelles à travers le monde et d'influencer les sociétés secrètes et l'occultisme. Cet ouvrage captivant délie les frontières entre le folklore et la science, offrant une compréhension enrichie et nuancée de ces êtres nigmatiques. Il vous propose un voyage intellectuel unique, une lecture incontournable pour tous ceux qui désirent apprendre les jinn de manière rationnelle et scientifique.

*L'évangile selon Nas* Nas E. Boutammina, 2022-05-14 Cet ouvrage est un abrégé destiné à rappeler les données essentielles et les points principaux de certains faits ou événements historiques. De part notre sociabilisation lors de toute rencontre avec un ou plusieurs de nos semblables, il est naturellement un contact établi au cours duquel on communique. Dans lors, il se produit un changement d'idée et d'opinion de point de vue ou une prise de position parfois inhabituelle. Il arrive que des sujets de conversation tournent autour de certaines idées préconçues, des préjugés et des notions erronées comme les penseurs grecs Aristote, Platon, Socrate, Hippocrate, Galien, etc. La bataille de Poitiers, les dogmes religieux juifs, chrétiens ou islamiques, les premiers fondateurs des Sciences dans le monde de l'Imperceptible, les jinn, l'ange, le diable, la démonologie, l'apparition de l'Homme, Dieu, l'héliocentrisme, la naissance des Sciences en Occident, la Politique, etc. Cette instruction inculquée par l'éducation les mankindias, la littérature, la société, est finalement fixée dans la conscience collective. Et c'est précisément l'objectif de cet ouvrage : un moyen permettant d'entrer en communication et de changer avec autrui et de comprendre ce type de position en l'examinant et en faisant preuve d'esprit critique. Cet ouvrage est composé de différents sujets susceptibles d'être abordés lors d'une discussion, est agencé sous forme de chapitres. Ces derniers sont un ensemble de fiches thématiques signalées concises pour clarifier et illustrer ou démontrer ce que l'on dit. De la qualité de l'

Betten, 2021-11-05 In The Roman Index of Forbidden Books Francis S. Betten meticulously examines the historical and cultural significance of the Index Librorum Prohibitorum a catalog of publications deemed heretical or contrary to morality by the Catholic Church. Betten employs a scholarly narrative interwoven with critical analyses situating the Index within the broader context of ecclesiastical authority, intellectual freedom and the evolving landscape of literary production. The book serves not only as an account of the texts prohibited over centuries but also as a profound commentary on the Church's influence in shaping ideas and censoring dissent throughout European history. Francis S. Betten, an esteemed theologian and scholar of ecclesiastical history, draws upon his extensive expertise in Catholic doctrine and literature to produce this compelling examination. His academic journey enriched by years spent in theological exploration and research allows him to authentically present the intricacies of the Index. This experiential background informs Betten's nuanced understanding of censorship and its implications for writers, prompting him to reflect on the moral and ethical dimensions inherent in literary expression. As a pivotal read for scholars, students, and anyone intrigued by the intersection of literature and religion, The Roman Index of Forbidden Books invites readers to engage with the historical tensions between authority and creativity. Betten's incisive analysis challenges contemporary assumptions about censorship, making it an essential addition to discussions surrounding literary freedom and institutional control.
