Ice hockey is a sport played by two teams trying to score goals against each other. Goals are scored when the puck goes into a net. Hockey players hit the puck using their hockey sticks.

Ice hockey is played on a flat surface of ice, usually in an arena or on an outdoor pond. Hockey players wear skates to move around on the ice. They also wear protective gear, such as helmets and padding to keep them safe from injuries during the game. Men, women, and children of all ages and levels enjoy playing this sport.

Ice hockey is the national winter sport of Canada. In 1979, Canada became the first place to have an organized, indoor game of ice hockey. Many teams in the National Hockey League have players from Canada, and Canadian men and women have had considerable success in international competition.

TOTEM POLES

Many people say that totem poles are a way to share stories about their families and clans. The pictures on the poles were also a way of keeping records of important historical events. The Aboriginal people made their totem poles from cedar trees because cedar wood is more durable than other types of wood. By using cedar wood to make their totem poles, the stories about the Aboriginal people's families and clans would be preserved for future generations. The carvings record them of their ancestors, telling them about family, accomplishments, adventures, and rights. Sometimes the carvings represent stories. The stories may be a myth, legend, or stories about the person/humanity by the totem pole. Some of the most popular carvings on totem poles are eagles, ravens, thunderbirds, bears, humans, whales, killer whales and frogs. Large celebrations occurred when totem poles were raised with many Aboriginal people gathering to witness the event.

Grade One Canada Unit:

A Model Unit For Grade 2: Canadian Communities Jennifer Katz, 2013-10-28 *A Model Unit for Grade 2 Canadian Communities* is one book in the series *Tools for Instruction and Reading Assessment*. The series consists of twenty four companion documents to *Teaching to Diversity: The Three Block Model of Universal Design for Learning* by Jennifer Katz. The model unit integrates major themes from Manitoba's curricula for the first term of the grade 2 school year. The topics are *The Canadian Community* from the social studies curriculum and *Growth and Changes in Animals* from the science curriculum. These are brought into other disciplines: mathematics, physical education and health, language arts and fine arts, particularly through the lens of the multiple intelligences. MI Differentiated activities based on MI approaches inspire diverse students and accommodate their individual learning styles. MI activity cards are included as well as planners that outline the essential understandings, essential questions and final inquiry projects for the unit. Rubrics based on Bloom's taxonomy show a progression of conceptual thinking from rote basic understanding to synthesized higher order analysis. Teachers can use this model unit as a template for planning subsequent thematic units for the rest of the school year.
