"Introduction to Java Programming with Microsoft Visual J++ 6.0 with Experiments in Java: An Introductory Lab Manual" LIANG, Relelsky, 2004-08-26

Java by Dissection Ira Pohl, Charlie McDowell, 2003-05-01

Enlisting the best selling by dissection method of instruction this book teaches programming techniques and presents the Java language in a sound and structured manner that is appropriate for both novice and seasoned programmers. It presents a thorough introduction to the programming process by carefully developing working programs to illuminate key features of the Java programming language. Program code is explained in an easy to follow manner throughout. This book presents readers with a clear and thorough introduction to the programming process by carefully developing working Java programs using the method of dissection. A dissection is similar to a structured walk through of the code with the intention of explaining to the reader newly encountered programming elements and idioms as found in working code. Key ideas are reinforced throughout by use in different contexts.
