*The Next Phase in Heritage Language Studies: Methodological Considerations and Advancements* Fatih Bayram, Maki Kubota, Sergio Miguel Pereira Soares, 2024-03-27 Over the past three decades studies investigating heritage speaker HS linguistic competencies have shown time and again that despite being L1 or 2L1 native speakers of their home language s HS outcomes display variation across a wide spectrum of differences as compared to each other other types of bilinguals as well as their monolingual peers Studies have traditionally used mostly behavioral methodologies rooted in adjacent established fields e g L1 acquisition adult L2 acquisition offering in addition to documenting and describing HS performance important insights for linguistic theory and challenges related to home minority language maintenance contact policy and more A birds eye view makes it clear that the methodologies one uses to tap into HSs linguistic knowledge areas if not more are important than the phenomena under investigation especially in light of how their unique experiences with their heritage and other languages are present across a continuum Florida Administrative Register ,2008-12 **Journals of the Florida House of Representatives** Florida. Legislature. House of Representatives,2011 *A Chronicle of Echoes* Mercedes K. Schneider,2014-04-22 This book argues that corporate reform is destroying American public education for profit It claims that a few wealthy individuals and organizations are orchestrating this destruction The book investigates and exposes these entities highlighting their role in undermining the democratic institution of public education Routledge Handbook of Communication Disorders Ruth H. Bahr, Elaine R. Silliman, 2015-04-24 The Routledge Handbook of Communication Disorders provides an update on key issues and research in the clinical application of the speech language and hearing sciences in both children and adults Focusing on areas of cutting edge research this handbook showcases what we know about communication disorders and their assessment and treatment It emphasizes the application of theory to clinical practice throughout and is arranged by the four key bases of communication impairments Neural Genetic Bases Perceptual Motor Bases Cognitive Linguistic Bases Socio Cultural Bases The handbook ends with an integrative section which looks at innovative ways of working across domains to arrive at novel assessment and treatment ideas It is an important reference work for researchers students and practitioners working in communication science and speech and language therapy *Journal of the Senate, State of Florida* Florida.
