

JANUARY ... DOES IT BRING YOU JOY?

1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5

2 In order to live their best lives, people are spreading themselves thinner and thinner with ~~multiple~~ streams of income. In the process we earn more but live less, we lose our ~~focus~~ of what is important.

3 With social media, ~~keeping up with other Instagrammers~~ are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Critical Pedagogy and Teacher Education in the Neoliberal Era Susan L. Groenke, J. Amos Hatch, 2009-07-30 Susan L. Groenke and J. Amos Hatch It does not feel safe to be critical in university based teacher education programs right now especially if you are junior faculty. In the neoliberal era, critical teacher education research gets less and less funding and professors can be denied tenure or lose their jobs for speaking out against the status quo. Also we know that the pedagogies critical teacher educators espouse can get beginning K-12 teachers fired or shuffled around especially if their students test scores are low. This paired with the resistance many of the future teachers who come through our programs predominantly White middle class and happy with the current state of affairs show toward critical pedagogy makes it seem a whole lot easier less risky even smart not to do critical pedagogy at all. Why bother? We believe this book shows we have lots of reasons to bother with critical pedagogy in teacher education as current educational policies and the neoliberal discourses that vie for the identities of our own local contexts increasingly do not have education for the public good in mind. This book shows teacher educators taking risks seeking out what political theorist James Scott has called the small openings for resistance in the contexts that mark teacher education in the early twenty first century.

2017 19 **Teacher Education Programs and Online Learning Tools: Innovations in Teacher Preparation**

Hartshorne, Richard, Heafner, Tina L., Petty, Teresa, 2012-07-31 While online learning has become pervasive in many fields in higher education it has been adopted somewhat slower in teacher education. In addition more research is needed to empirically evaluate the effectiveness of online education in teacher preparation. **Teacher Education Programs and Online Learning Tools Innovations in Teacher Preparation** presents information about current online practices and research in teacher education programs and explores the opportunities, methods and issues surrounding technologically innovative opportunities in teacher preparation. It presents empirical evidence of teacher candidate learning and assessment in the context of various online aspects of teacher licensure.

Handbook of Education Policy Research Lora Cohen-Vogel, Peter Youngs, Janelle Scott, 2025-07-17 The second edition of the *Handbook of Education Policy Research* the largest volume published in AERA's history addresses a variety of policy and contextual issues in early childhood, K-12, and postsecondary education that have received extensive empirical attention during the past 15 years. With the pandemic and social turmoil as a backdrop the editors build on the breadth and depth of the first edition while expanding the scope of the project to include subjects, methods, theories, and analyses that have contributed powerfully to the study of education policy and politics in the 2010s and 2020s. The field has become more comprehensive and inclusive and the authors represent a diversity of racial, ethnic, and gender identities and intellectual and disciplinary orientations. Most chapters come from multiple authors reflecting the multi-sourced development of research in education policy since the first volume was published. This compilation consists of 70 chapters and nine commentaries that map past, present, and future directions of the field and richly attend to critical issues of interest to students, researchers, policy makers, and practitioners.

[Linguistics and Language Behavior Abstracts](#), 2009 **Powerful Practices for High-Performing Special Educators**

Robert Kaufman, Robert Wandberg, 2015-05-26 Special education teachers face unique challenges especially when they are just beginning. This essential resource offers special educators a blueprint for dealing with the most common challenges they face both in the classroom and in the larger school environment. These research-based strategies help teachers meet the academic needs of diverse students with disabilities including those who are also English language learners in areas such as setting up a classroom, managing student behavior, designing effective instruction, incorporating technology, embracing diversity, and more. Each chapter features an overview and objectives, a brief research review, step-by-step strategies that can be used immediately, examples and scenarios from real teaching experiences, self-assessments, and reflections. This all-in-one reference book offers the tools, strategies, and support special educators need for success in their first year and every year thereafter.
