Future Perfect Katrina Mountfort,2014-09-19 The Blueprint trilogy takes us to a future in which men and women are almost identical and personal relationships are forbidden Following a bio terrorist attack the population now lives within comfortable Citidomes MindValues advocate acceptance and non attachment The BodyPerfect cult encourages a tall thin androgynous appearance and looks are everything This first book Future Perfect tells the story of Caia an intelligent and highly educated young woman In spite of severe governmental and societal strictures Caia finds herself becoming attracted to her co worker Mac a rebel whose questioning of their so called utopian society both adds to his allure and encourages her own questioning of the status quo As Mac introduces her to illegal and subversive information she is drawn into a forbidden dangerous world becoming alienated from her other co workers and resmates the companions with whom she shares her residence In a society where every thought and action are controlled informers are everywhere whom can she trust When she and Mac are sent on an outdoor research mission Caia s life changes irreversibly A dark undercurrent runs through this story the enforcement of conformity through fear the fostering of distorted and damaging attitudes towards forbidden love manipulation of appearance and even the definition of beauty will appeal to both an adult and young adult audience

**Unity of Seven** Peter R. Ellis,2016-01-02 September is back home and it is still the night of her birthday despite her having spent over three months in Gwlad battling the Malevolence at the seventh conjunction of the planets She no longer has the Maengolauseren nor the powers it gave her It is back to facing the bullies at school and her struggles with her weight and studies but she worries about how well the people of Gwlad have recovered from the terror of the Malevolence She is also unsure what happened to Malice Mairwen as the Cemegwr said that Toddfa penbaladr the universal solvent would join the twins together Is Malice inside her Could she turn to evil She must discover a way to return to the universe of Gwlad and the answer seems to lie in her family history The five Cludydds before September and her mother were her ancestors The clues take her on a journey in time and space which reveals that while in great danger she is also the key to the survival of all the universes September must overcome her own fears accept an extraordinary future and once again face the evil above the stars Unity of Seven is the third volume in the thrilling fantasy series Evil Above the Stars by Peter R Ellis that appeals to readers of all ages of fantasy or science fiction especially fans of JRR Tolkien and Stephen Donaldson If old theories are correct until a new idea comes along does the universe change with our perception of it Were the ideas embodied in alchemy ever right What realities were the basis of Celtic mythology *Freedom's Prisoners* Katrina Mountfort,2016-09-09 The Blueprint trilogy takes us to a future in which men and women are almost identical and personal relationships are forbidden In Book 3 of the trilogy tensions have escalated since the outbreak Michael and his army of rebels may have won the first battle in their fight against the Citidome authorities but can they win a war The Citidomes are fighting back and no one is safe any more as RotorFighters rain down fire on defenceless villages destroying them and their

inhabitants For Suna this is a time of difficult decisions as she struggles to adjust to life outside the Citidomes Where do her loyalties lie Is she capable of understanding human emotion After an unexpected betrayal Michael and Cathy finds themselves back in Sigma 2 where Cathy must confront her worst fears Can Joy and Harry recapture the magic of first love or have the horrors they have witnessed scarred them forever And do they have any chance of succeeding in the most ambitious mission the Alliance of Outside Communities has ever undertaken Is there anyone in the world beyond the shores of State Eleven who cares enough to help Even if there is will they be able to do anything in time Freedom s Prisoners explores betrayal guilt hope and endurance in an explosive conclusion to the Blueprint trilogy **Forbidden Alliance**

Katrina Mountfort,2015-09-04 The Blueprint trilogy takes us to a future in which men and women are almost identical and personal relationships are forbidden In Forbidden Alliance the second book of the trilogy more than sixteen years have passed since Caia and Mac now renamed Cathy and Michael fled their oppressive lives although the plight of those who remain in the Citidomes is never far from their minds Cathy and Michael now have three children and Citidome life is a distant memory But for Cathy village life is no longer idyllic While Michael is famed as the leader of the Alliance of Outside Communities she is left holding the baby When a chance arises for her to fulfil her potential will she make the right choices Michael however is too preoccupied to notice Cathy s personal struggles Heightened security in the Citidomes has resulted in fewer escapees a shortage of young farmers and a depleted gene pool in the village While Michael unveils his most audacious plan yet to liberate rebels from the Citidomes will his devotion to the cause cost him the love of his wife and daughter And will his plan endanger his life as well as those of his allies Forbidden Alliance is also the story of Cathy and Michael s sixteen year old daughter Joy Fiercely intelligent but with limited career options she fights against the future her father has planned for her marriage to village boy Matt Forbidden from seeing Harry the nomadic canal dwelling boy she has loved since childhood she finds friendship from an unexpected source BodyPerfect ex citizen Ryan whose perfect Citidome looks are less than perfect in the outside world And her illusions about life in the Citidomes are about to be shattered In addition to the issues explored in Future Perfect the first book of the trilogy Forbidden Alliance poses additional questions including those of leadership family loyalties and whether it is possible to justify the sacrifice of human lives for the greater good [Sailor to a Siren](#) Zoë Sumra,2015-07-17 Sailor to a Siren is a space opera novel with significant nods to the gangland thriller genre

When Connor and Logan Cardwain a gangster s lieutenants steal a shipment of high grade narcotics on the orders of their boss Connor dreams of diverting the profits and setting up in business for himself His plans encounter a hurdle in the form of loise Falavi re Logan s former girlfriend who has been hired by an interplanetary police force s vice squad Logan wants a family loise wants to stop the drugs shipment from being sent to her home planet Connor wants to gain independence without angering his boss All of their plans are derailed though when they discover that the shipment was hiding a much deadlier secret the prototype of a tiny superweapon powerful enough to destabilise galactic peace Crime lords corrupt

officials and interstellar magicians soon begin pursuing them and Connor Logan and loise realise they have to identify and confront the superweapon s smuggler in order to survive But when one by one their friends begin to betray them their self imposed mission transforms from difficult to near impossible Sailor to a Siren is a great debut from Zo Sumra and establishes her as a name to watch in epic space opera The depth of her characters the breadth of her world building the ambition and longevity of her story arcs spanning multiple generations of families all make this a first step in what is likely to be a fascinating and enthralling universe This is a universe that has more in common with The Galactic Milieu Firefly or Babylon 5 than with Star Trek or Star Wars These are stories that Zo has been thinking about preparing and crafting for many years stories that deserve to be told from a story teller who deserves to be heard    **The Ghost in You** Katrina

Mountfort,2018-02-16 What do you do if you re dead but haven t moved on You keep finding yourself back where you died with very little control over when sometimes you can be away for days weeks or even months and then you re back Between times when you re away where do you go what do you do You ve seen some other ghosts asleep at their graves but you don t even know where your own grave is The living shiver if they walk through you but they can neither see nor hear you With practice you can pass through walls and doors but curiously you can sit on a park bench without falling through it climb stairs even lie on a bed You re stuck in the clothes you were wearing when you died at the age you died Waiting Then after years of this intermittent existence you realise what you have been waiting for what it is that you have to do in order to finally move on Just as you have found the best reason to stay That s what happened to Rowena A ghost story told from the perspective of the ghost herself The Ghost in You is a first hand account from beyond the grave by an innocent girl who dies before her time and tries to make sense of what is happening to her while helping her friends and discovering her purpose A first hand account from beyond the grave visit bit ly GhostInYou    *American Book Publishing Record* ,2007    **Books in**
